

# PERSONAL MESSAGE FORM FOR *MARIN VISIONS* CALENDAR

The above area is the size (1.375" x 11") that you have to input your personal message for your clients to see. It can be up to 3 lines of print with any size font. Most people put the company logo on the left, your name and phone number in the center and a slogan on the right, but you can do just about anything that you want (within reason). If you know the font type and font size that you want, enter it below, otherwise we will select a font style and size that looks good.
